1. 2011/12 LEGISLATIVE AGENDA

Sanitary Conditions Law (SCL)

The RFD and SCL Mandate (Feb. 21/10) was discussed along with the 'Proposed Areas for Amendments to the 2000 SCL' (prepared by Heather Jacobs-Whyte). The SCL First Reading of May 9, 2011 was the first Type II piece of legislation to go through the CDMP that resulted in a challenging learning experience. It was acknowledged that the Lands Unit was given wrong CDMP documentation thus resulting in misunderstanding about number of Readings.

Suggestions:

- Venue change outside of the MCK – Hold at Golden Age Club or organization outside of MCK
- Rules of engagement reviewed in beginning

- Incorporate same support for Type II process as was used for Type I with 1 Sergeant at Arms, 4 KLCC Facilitators, 4 Originators/Proponents & 4 Recorders.
- Invite the Haudenosaunee Consensual Decision Making Process to give presentation to Council

Membership Law

- Survey completed

Judicial Act

- Clarification that the JC Tech Team did not complete their Final Draft, but a Preliminary Draft of the Justice Act for information purposes.

Election Law, Anti-Tobacco Law

- Both in Preparation Phase

Kahnawake Workers Compensation Act

- MSI still in Preparation Phase
